The importance of Reading Regularly

Regular reading builds better concentration, focus, and comprehension, setting children up for higher achievement in school. (Save the Children)

Reading regularly at home with your child for just 10-15 minutes a day makes a huge difference to each child's achievements!

Have you done your 3 reads this week?

Classroom Reading Corners

Thanks to funding from the PTA, we are in the process of improving each class's reading corner in school.

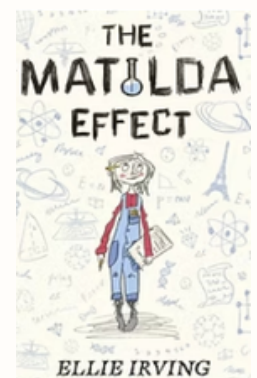

We are creating calm, relaxing areas for the children to enjoy reading.

Ellie Irving Author visit

On Friday 6th November, local author Ellie Irving will be visiting PAAN.

If you wish to pre-order a book for the book signing after school, you can use the following link:
