Week ending 9th October 2026

## Message from the Head Teacher

Dear Parents and Carers,

I hope you have all had a lovely week. We have at Prince Avenue! This week we were visited by our trust's Chief Education Officer, Toni Kittle and School Improvement Adviser, Sue Cox who carried out a school review against the new Ofsted Framework. The reviewers conducted a thorough and detailed evaluation of the school's work, spending time looking at a wide range of evidence, including spending time in classrooms, looking at books, speaking with staff and leaders and exploring our systems and practices in depth. We are delighted to share the positive outcomes. Reviewers highlighted the school's strong leadership, excellent behaviour and the work we do to strive for fantastic attendance. They commented positively on the high levels of care and inclusion, and the outstanding commitment of staff to helping every child succeed. They also recognised our ambitious vision for all pupils, our nurturing and inclusive culture, and the strong progress children make from their starting points. The review also praised the warm relationships across the school community and the extensive opportunities available to enrich pupils' experiences. We are incredibly proud of our children, staff, governors and families whose partnership continues to make Prince Avenue such a special place to learn and grow.

It has nearly been four years since our last inspection. Knowing that Ofsted is due anytime this year, I thought it would be useful to share with you the changes in the Ofsted process and the new gradings.

### Ofsted

Ofsted introduced a new inspection framework in November 2025, bringing significant changes to how inspection outcomes are shared with families. Under this new system, schools no longer receive a single overall grade. Instead, they are given a detailed Report Card, which sets out how schools are performing across several key areas of school life. The new approach aims to provide families with a clearer, more informative picture of a school's strengths and the areas it is continuing to develop.

The report cards will give a detailed overview of how the school is performing in each of the following areas:

- Attendance and behaviour
- Achievement
- Curriculum and teaching
- Inclusion
- Personal development and wellbeing
- Leadership and Governance
- Early Years
- Safeguarding

Each area will be given a grading, using the following new system which has a corresponding colour for each grade and schools may receive a range of grades across the different areas inspected.

Inspectors now look for clear evidence that the full standard has been met before awarding a grade. In the past, a school might receive a grade if most of the criteria were met. Under the new approach, a school may be very close to the next standard but still need to strengthen one or two aspects of its work before that grade is awarded.

It is also important to note that the new grades cannot be directly compared with previous Ofsted judgements. This is because Ofsted is using a different inspection framework and a new way of assessing and reporting outcomes. If schools receive an expected judgment, it has been shared that this is close to the previous outstanding judgement.

|                    |                                                                                                                                                                                       |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Expected standard  | This represents a high standard where children are receiving everything they need and deserve. It means the provision in that area is strong and there are no significant weaknesses. |
| Strong standard    | Excellent and consistently strong practice that goes beyond the expected standard.                                                                                                    |
| Exceptional        | Practice that is among the very best nationally. Only a small number of schools are expected to achieve this.                                                                         |
| Needs attention    | Some aspects require further development. This highlights areas where the school is continuing to strengthen its work.                                                                |
| Urgent improvement | Significant weaknesses that require immediate action.                                                                                                                                 |

## This Week's Attendance

Whole school attendance: 96.3%

R/KS1 winners: Fir - 98.7%

KS2 winners: Pine - 99%

Congratulations to our winning classes this week and a big shout out to Pine class who have won 3 weeks in a row!

## Reminder: Parent Consultations

Dear Parents and Guardians,

We would like to invite you to a Parent Teacher Consultation on Tuesday 13th October and Wednesday 14th October. If your child is in 3 Olive, your dates are Tuesday 13th and Thursday 15th.

Consultations will be held in the Main Hall and Dining Hall and you should enter via our Main Hall entrance. We will not be involving children in these meetings, however if you need to bring them along due to childcare arrangements, then please do.

To book your time slot, please click on the link for your child's class on the letter we have shared on Class Dojo. This has also been sent via School Gateway but you need only book one slot per child. Please select a date and three time slot options, each consultation has a ten-minute time slot. The Class Teacher will confirm your booked time slot via Dojo. We will aim to book a slot as close to your preferences as possible.

You can also raise questions or provide feedback via the form in advance of your appointment. We also ask that you mention siblings in Section 7 of the form.

If your child is in Orchard Class, we will be inviting you to attend a meeting week beginning 19.10.26.

The teachers are looking forward to meeting with you.

## Year 2 Moving Monsters

Today, our Year 2 children enjoyed a fantastic Moving Monsters workshop as part of their Design Technology learning. Children and their families worked together to design and create their very own moving monsters, using their creativity, problem-solving skills and imagination.

It was wonderful to see so many children and their families collaborating, sharing ideas and enjoying the creative process together. There was lots of excitement, laughter and some truly fantastic monster creations!

A huge thank you to all the families who joined us and helped make the workshop such a memorable and enjoyable experience for our Year 2 children.

## Supporting Young Minds

A huge thank you to everyone who took part in our Hello Yellow Non-Uniform Day today, in support of 'Young Minds', a mental health charity dedicated to supporting young people.

We were delighted to see so many pupils and staff getting involved and showing their support for such an important cause. Thanks to your generous donations, we have raised £275.00 so far! If you have not yet made your £1 donation, there is still time to contribute via School Gateway.

Thank you once again to everyone who took part and donated. Your support will help 'Young Minds' continue their vital work supporting the mental health and wellbeing of young people. 🧡

## Attendance Matters

### Attendance Support Meetings: Working Together for Every Child

At Prince Avenue Academy & Nursery, we believe that good attendance is one of the most important factors in helping children achieve their full potential. Being in school every day supports learning, builds confidence, strengthens friendships, and helps children feel part of our school community.

To support families, we may invite parents and carers to attend an Attendance Support Meeting if a child's attendance begins to cause concern. These meetings are not about blame or judgement. Instead, they provide an opportunity for us to work together, understand any challenges a family may be facing, and identify practical support that may help improve attendance.

We recognise that every family's circumstances are unique, and we are committed to building positive partnerships with parents and carers. By maintaining open communication and working together, we can ensure that children receive the best possible support to attend school regularly and thrive both academically and socially.

If you have concerns about your child's attendance or require support, please do not hesitate to contact Mrs. Thorne, our School Attendance Officer. Early conversations often help us find solutions together before difficulties become more significant.

Thank you for your continued support in helping every child attend, achieve, and succeed.

### EBSNA (Emotional Based School Non-Attendance)

Please see the flyers for upcoming Parent Coffee mornings from the Southend Educational Psychology service. These are focusing on Emotional Based School Non-Attendance (also known as EBSNA) and offering strategies and interventions that can support parents. Please note that this offer is not just for parents of pupils at PAAN.

**Southend Educational Psychology Service**  
**Upcoming Parent Coffee Mornings**

**Introduction to Barriers to School Attendance (Part 1)**

Designed to support parents and carers of both primary and secondary-aged children, this session provides a clear introduction to Emotionally Based School Non-Attendance (EBSNA), including key facts, research, and current understanding. It explores common risk and protective factors, helping parents recognise what may make school attendance more difficult, as well as what can support a child's resilience. The session also highlights early signs to look out for when a child may be beginning to experience EBSNA. In addition, parents will be introduced to early intervention strategies, the role of multi-agency support, and a range of helpful services and resources available to support both children and families.

**Barriers to School Attendance (Part 2)**

Our part two parent session to 'Barriers to School Attendance' equips parents with practical tools and early-intervention strategies to support their child's attendance from home. It helps families better understand the reasons behind emotionally based school Non-Attendance (EBSNA) and why consistent support is so important. The session is designed to build confidence and hope, offering clear, achievable steps parents can take to make a positive difference.

## Uniform Reminder

The wearing of school uniform is important as it helps to promote positive attitudes, high standards and sets an appropriate tone for education. It also provides a sense of identity and belonging. Children take pride in their appearance, their school and their work, when they are in uniform. It also discourages costly competition between fashion-conscious children. Pre-loved uniform is available to purchase from the school and donations are always welcome.
